I would like to welcome you afresh to the New Year 2019, which is our God's Year of Divine Great Commission based on Matthew Chapter 4 verse 19. The heartbeat of God is wining the lost, the least and the last to His kingdom of grace, love and hope. And by His grace we will all partner with our great God of Hope to rescue the perishing souls in the mighty Name of Jesus Christ (Amen). Amazingly, this new month is the month of Divine Celebrations. This is the appointed time the God of Hope will cause you to dance, rejoice and be glad over your difficult enemies and circumstances in the mighty Name of Jesus Christ (Amen)

## Upholding Human Dignity

By Dr. Chuck Swindoll

A few winters ago in Stockholm, Sweden, an eighty-four-year-old woman sat for two months on her balcony before a neighbor discovered she was dead. The woman was found sitting in a chair, dressed in a coat and hat, her forehead leaning against the railing.

A neighbor realized something was wrong when she saw the woman sitting on her balcony around the clock, despite freezing temperatures. "I accused myself for not having seen her earlier," she said later. "I hope this dreadful story makes us better at keeping in touch with our old neighbors."

## TESTIMONY

A beloved Sister testified on God's faithfulness over her entire family. After the passing of her mom at a very early age, God supernaturally provided for her and her siblings up until now. By God's grace each and every one is settled and doing awesomely well and she also thanked God for adding another amazing year to her years. May His name be praised for ever more.

## STATEMENT OF FAITH

That the Holy Bible is divinely inspired by God, and is infallible, trustworthy and dependable, and authoritative in all matters of faith and conduct.

That there is only one God, who is eternally existed in three distinctive persons: Father, Son and Holy Spirit.

That Jesus Christ our Lord is God manifested in the human flesh to take away our sins and hopelessness by his voluntary suffering, death and physical resurrection.

That salvation of all humanity is only through the redemptive work of Jesus Christ. Jesus Christ is our only Hope in the world of hopelessness.

That the Holy Spirit indwells every believer in Christ to live a holy life, to witness about Christ to the lost and to be anointed to be victorious in every sphere of life.

That the church is made up of those who have genuinely accepted Jesus Christ as Lord and Savior.

That healing of various kinds is integral part of the redemptive work of Jesus Christ. Water baptism and the Lords Supper are authentic ordinances of the church.

That there is Satan and its demonic co-workers, whose work is to thwart and frustrate the purpose of God on earth, but their final end is the hell fire.

That there shall be a bodily resurrection of the dead in Christ to heaven, and of the unrepentant sinners to hell fire.

That there will be visible imminent return of Jesus Christ to take home true believers in God.

Isolationism is not a Scandinavian phenomenon; it is a human tragedy. For fear of poking our nose in someone else's business or getting involved in something that could backfire on us, we have trained ourselves not to stop, look, or listen.

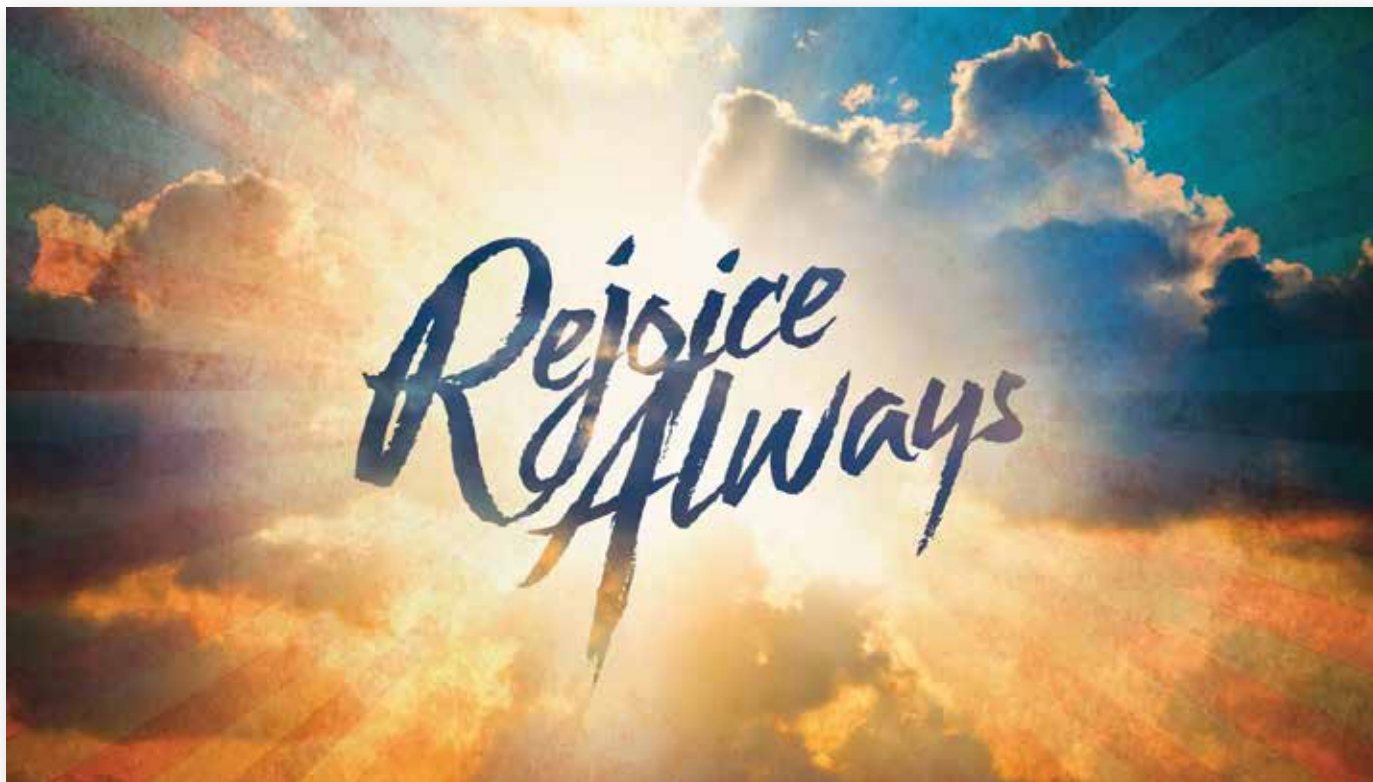

But in a fast-paced world where only the fit survive, it sure is easy to feel dehumanized. Our technological age has made us more aware of our insignificance. Our suspicion that we are not loved for who we are is confirmed daily by the impersonal nature of twenty-first-century living. We make a phone call and "voice mail" takes over. If folks are not home, we can talk to an answering machine. If we don't even want to talk, we can e-mail or "text" instead. If we need money at 2:00 A.M., we can drop by the local ATM machine.

Machines write for us, answer phones for us, get money for us, shop for us, think for us, rent cars for us. They can even sign our letters. And the result is scary. A subtle erosion of individuality, followed by

a no-touch, don't-bother-me-I'm-too-busy coldness, leading to a total absence of eyeball-to-eyeball

interaction, resulting in the ultimate: more loss of human dignity. This is excused because it saves time and keeps us from getting hung up on knotty things like relationships. They say that's healthier?

What's so healthy about becoming completely untouchable? Machines can't hug you when you're grieving. Machines don't care when you need a sounding board. Machines never affirm you when you are low or confront you when you are wrong. When you need reassurance and hope and strength to go on, you cannot replace the essential presence of another human being.

Christ came to save people. Human beings with names and personalities and fingerprints and faces. Upholding human dignity is worth the effort every time.

There's no substitute for the personal touch.
